

GIOIA RUTENIO

Armoured jewellery armoire made of precious Ebony with a polished finish, a noble material that lends a timeless elegance, enhanced by its deep, dark grain. The ruthenium accessories add a touch of modernity and refinement, thanks to their dark and sophisticated colour that perfectly matches the Ebony structure. The advanced armour-plating system guarantees the highest level of security, discreetly and reliably protecting the jewellery and valuables stored inside.

Inside, the chest of drawers is designed to offer maximum functionality and organisation. The jewellery drawers have fronts upholstered in soft white leather, creating a refined contrast to the dark exterior and giving a sense of absolute luxury. Each compartment is designed to carefully accommodate rings, necklaces, watches and other precious accessories, ensuring optimal order and protection.
